Sustainable Labs Report 2023-24 - Q4 (May, June, July)

Laboratory Efficiency Assessment Framework (LEAF) My Green Lab

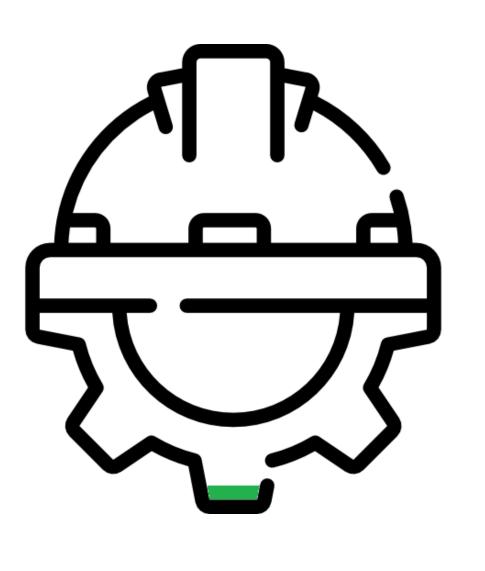

With Sustainable Lab initiatives launched at Imperial College London in late 2021, laboratories across the Faculties of Engineering, Medicine and Natural Sciences have engaged with the LEAF and My Green Lab initiatives.

The Business School is not considered for Sustainable Lab initiatives as there are no laboratory spaces within the Faculty.

# Overall Engagement across Imperial at end of July 2024

Based on Laboratory room numbers shared upon receiving awards against the total number of laboratory spaces at Imperial College London.

## Faculty of Engineering

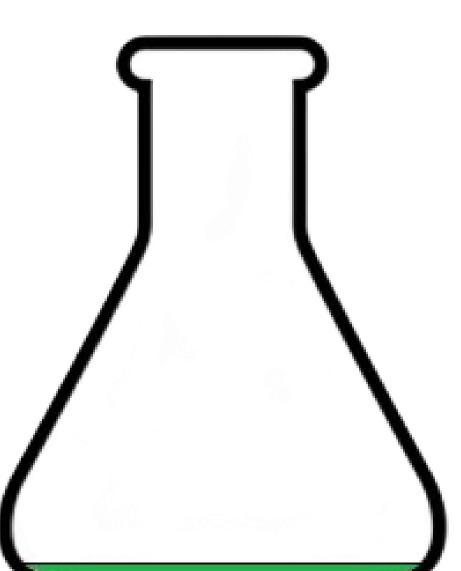

4% Engagement
11%

## Faculty of Medicine

41% Engagement

11%

## Faculty of Natural Sciences
