

Idox GRANTfinder 4 Education

Online research funding and news service

The College has subscribed to [Idox GRANTfinder 4 Education](#), an online provider for research funding information offering a searchable database of funding opportunities with the option to subscribe to alerts.

GRANTfinder 4 Education allows academic institutions in the UK to service all their funding search requirements in one place:

- **RESEARCHconnect** – funding opportunities for research staff of all levels and interests
- **GRANTfinder** – of interest to staff in business engagement, knowledge transfer, marketing
- **POLICYfinder** – for coverage of white papers, consultations and policy landscape information

This resource offers the ability to search for up-to-date funding opportunities, and share information across defined groups and the wider communities at Imperial - please see the RESEARCHconnect [quick start guide](#) from Natural Sciences for more information.

GRANTfinder 4 Education - the UK's first grants and policy information service tailored specifically for further and higher education institutions, featuring over 13,000 continuously updated opportunities. As a professional funding service powered by Europe's leading provider of **funding and policy information**, GRANTfinder 4 Education provides you with the following key benefits:

- A one-stop-shop of **funding information** – removing the legwork when searching for funding opportunities.
- A holistic view of the **funding landscape** – thousands of funding opportunities reported to support both R&D and wider business development.
- **Updated in real-time** – as soon as it knows about a new funding opportunity, so do you.
- All information is presented in **Plain English** – ensuring that jargon and text-heavy guidelines are easily accessible to users.
- **Email alerts** – automatic updates on saved searches, alerting you to new or updated funds relevant to your research.
- **News alerts** – approaching deadlines and new funding calls delivered directly to your inbox.
- Encouraging **knowledge transfer** – allows you to disseminate information through bespoke reports and intuitive reporting features.
- A regular **funding bulletin** - categorised by discipline, keeping you updated with research areas of interest to you.

GRANTfinder 4 Education Sign Up

1. Features of the system

Please see a [quick start guide](#) to learn how to:

Start a search - Filter results - Retrieve a search - Set up email alerts

See [Explore RESEARCHconnect video](#) for step by step instructions

2. How to sign up

Register - to set up an account you need to register on [Idox Grantfinder](#)

To login go to <https://search.grantfinder.co.uk/education/> Click on the Blue “Login with your Institution Details Button”

The screenshot shows the GRANTfinder login interface. At the top, the logo reads 'GRANTfinder an idox solution 4 Education'. Below this, a prompt says 'Enter your email address and password to log in.' There are input fields for 'Email *' and 'Password *', and a 'Remember me?' checkbox. A 'Log in' button is on the right. A red arrow points to a blue button labeled 'Login with your institution details'.

Type Imperial College London in the “Institution Field” and click enter. Once redirected to Imperial’s own login page, enter your College login details to access the site.

This screenshot shows the same login page as above, but with an additional 'Institution' field below the password field. A red arrow points to this field. The dropdown menu for the 'Institution' field is open, showing 'Imperial College London' and 'Imperial College London TEST' as options.

GRANTfinder 4 Education has three separate but complimentary modules which can be explored by selecting the relevant blue button once you are logged in. The modules are as follows:

- **RESEARCHconnect** – funding opportunities for research staff of all levels and interests
- **GRANTfinder** – of interest to staff in business engagement, knowledge transfer, marketing
- **POLICYfinder** – for coverage of white papers, consultations, and policy landscape information
