

StudentShapers Recruitment: Calling all medical students in Phase 1c

Professional Values and Behaviours (PVB) - Developing professional identity in Phase 1 medical students

Bursary: £365 per week for 4 weeks for 2 students. This will be from 1st August to 31st of August (with opportunity for flexibility depending on mutual availability of students and teaching leads)

Who should apply: Medical students who are in Phase 1c.

Campus/Location: This is a hybrid opportunity, which will have virtual and on campus elements. Campus may be at Charing cross or South Kensington campus.

Project details:

The PVB domain was designed in accordance with the Imperial Collage learning and teaching strategy.

Topics covered within the PVB domain can vary hugely depending on the topic. This collaborative project will be focussed on the Professional Identity and behaviours subdomains, where topics such as resilience, wellbeing, reflective practice, touch in clinical practice and integrity and honesty are explored. However, as part of the partnership, if students would like to explore other elements of PVB this can be discussed and arranged depending on their interests.

The successful candidates would work in partnership with the Domain leads Dr Mezher-Sikafi and Dr Ryan, and with our clinical teaching fellows. We will use tools for anonymous reflection to build the plan for the project together. Students will have ownership of what they want to develop. Suggested directions for the project could include the use of audio-visual methods to develop peer to peer resources that help engage students. Or integrating modern digital learning technologies such as 'Ed Discussion' into the PVB teaching. This can be either for GOL's, lectures or small group work in the Phase 1 PVB curriculum.

Last year, our student shapers presented at our tutor training event, helping shape the way that small group facilitation was delivered this academic year. We would hope to include them in this excellent teaching and learning opportunity again this year.

STUDENTSHAPERS

How to apply:

Applications (300-500 words) should be made via the 'Student Expression of Interest' form on the StudentShapers website ([here](#)) or accessed using the above QR code. This will then be distributed directly to the appropriate staff partner. Formal interviews will be held for shortlisted candidates

Deadline: 31st March

Contact details: For any queries, please contact r.mezher-sikafi@imperial.ac.uk
