

UKRI Strategy 2022–2027

Transforming tomorrow together

Objective 1: World-class people and careers

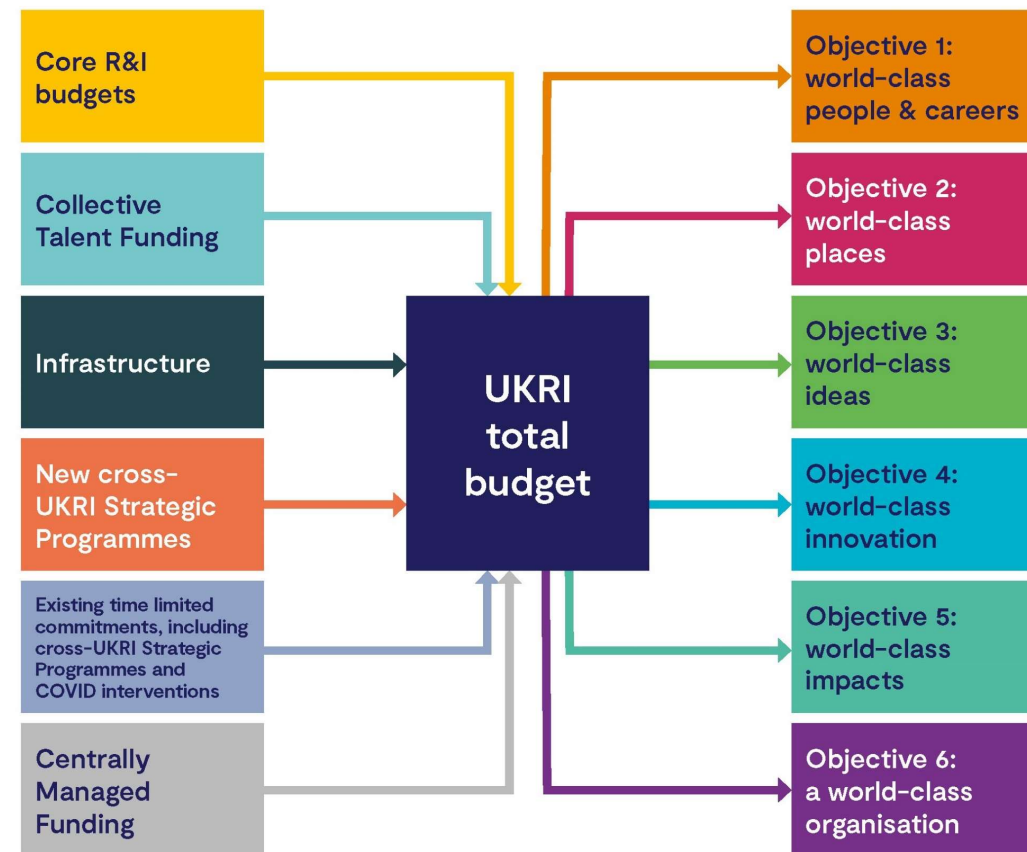

Objective 2: World-class places

Objective 3: World-class ideas

Objective 4: World-class innovation

Objective 5: World-class impacts

Objective 6: A world-class organisation

UKRI Strategy 2022–2027

Transforming tomorrow together

Objective 5: World-class impacts

Priority 5.1: cross-UKRI Strategic Programmes

- Building a green future
- Securing better health, ageing and wellbeing
- Tackling infections
- Building a secure and resilient world
- Creating opportunities, improving outcomes

Priority 5.2: Harness the opportunities from tomorrow's technologies

- advanced materials and manufacturing
- AI, digital and advanced computing
- bioinformatics and genomics
- engineering biology
- electronics, photonics and quantum technologies
- energy, environmental and climate technologies
- robotics and smart machines

Building a sustainable, productive net zero economy

- targeting the 'final 20%' of GHG reductions.
- realising a circular economy.
- protecting our nature, biodiversity and agricultural landscape.
- developing and deploying net zero technologies
