**EXTENSION TO RECRUITMENT END DATE
UNTIL 31ST DECEMBER 2024**

Massive thank you to all sites for being with STAR family for the hard work, dedication and never-ending efforts, you have shown over the past months. We are happy to announce that we decided to extend our **recruitment end date until 31st December 2024**, in a hope to meet the initial screening and recruitment target. We hope that extending the recruitment period will enable us to offer alternative treatment via STAR pathway to more patients and that the extension will help in collecting wider data for the final statistical analysis.
